## 86% Pass Final Classes

### Junior Swimming Classes Described As 'Outstanding'

The fourth and final series of swimming lessons sponsored by the Red Cross Society and the Vulcan Lions Club was completed last Saturday. From an original enrollment of 75, 59 were eligible for examinations, 86% of whom were promoted. The swimmers were examined by Burt Anderson (Calgary Winter Club) and Dale Phillips (pool supervisor). Mr. Anderson gave credit to the junior class in commenting that they were amongst the best junior swimmers that had been examined throughout his examining experience.

Beginners—Thomas Grant, Dennis Griffin, Billy Richardson, Marjory Brown, Margie Popovitch, Alan Fulton, Eleanor McInenly, Carol Sokvitne, Rodney McFadden and Vicki Lucas.

Advanced Beginners—Warren Leback, Edna Goring, Kay Giles, Alan Giles, Jean Wylie, Ruth Jones, Heather Robbie, Gary Griffin, Gordon DeDuns, Christine McFadden, Jackie Fulton, Joffrey McGrail and Michelle Lindsay.

Junior (100% pass)—Gordon Chandler, Lynn Scobie, Andrew Sharpe, James Sharpe, Jane Franks, Joy Griffin, Trudy Griffin, Norman Schneider, Sandra Magnuson, Gregory Daniels, Sylvia Allen, Robert Priebe, Roger McNely, Jack Richardson.

Intermediates—LeRoy Stewart, Laverne Leback, Cathy Middleton, Leah Lucas, John Douville, Mary Stien, Barbara Weber.

Seniors—Dawn Hag, Leta Roe, Brenda Christensen, Murray Markert, Randy Carruthers, Craig Brown.

On Sunday, Aug. 18, the pool was the scene of a short but enjoyable diving exhibition put on by the Happy Valley Diving Club and local diving enthusiasts. Performers included Lynn DeForest, Women's Jr. Provincial Champion, and Mike Smith, Men's Sr. Provincial Champion. Divers ranged from simple forward dives to such

## First Band Practice Will Be Held On Monday, Sept. 9

All persons, ages "9 to 99" interested in playing with either the junior or senior sections of the proposed Vulcan County Band are asked to register with the band secretary, J. Lundy Findlay, on or before Thursday, Sept. 5. This is necessary since it has been decided not to hold another executive meeting before the first practice on Monday, Sept. 9, due to holidays and harvest.

Members enrolling are asked to give a preference, if any, for instruments and to advise if they have instruments, as the executive will need to know several days in advance how many instruments will be needed for the first practice.

Parents are asked to be in attendance with their children at 4:30 p.m., on Monday, Sept. 9, to help arrange for instruments for their children. At the first meeting, it is hoped that arrangements can be made for ten weeks' tuition fee and ten weeks' instrument rental, as well as music and music stands.

Executive members in each area are asked to help in getting advance registrations made and to be on hand at the public school auditorium at 4:30 and 8:00 p.m., on Monday, Sept. 9.

## Edward Burne, Lomond Pioneer, Dies At Age 87

An early resident of the Lomond district, Edward William Burne died at Lomond on Tuesday, Aug. 20, following a brief illness. He was 87 years of age.

Born at Arklow, Wicklow, Ireland, he emigrated to Rapid City, Man., in 1904. In 1908 he moved to Gleichen and in 1909 home-stayed in the Lomond district, residing there since that time.

Surviving are three brothers: Harry F. Burne, Calgary; Thomas R. Burne, New Westminster, B.C.; four sisters, Mrs. E. F. Burne, Gleichen; Mrs. M. E. Fawcay, Houston, Texas; Mrs. J. F. Eason, Vancouver, B.C.; Miss C. A. Burne, Calgary; eight nephews and seven nieces. He was predeceased by one brother, Robert, in 1959, and one sister, Ada, in 1935.

Services were held at the Lomond Lutheran Church on Friday, Aug. 23, with Rev. D. A. Sharpe of Vulcan officiating. The Vulcan Funeral Home was in charge of arrangements.

## Dr. David Wark Dies In USA, Practised Here

A well known Vulcan physician prior to 1925, Dr. David R. Wark, 73, died of a heart attack at Flint, Michigan, recently.

Born in Owen Sound, Ont., Dr. Wark received his medical degree at the University of Manitoba and did postgraduate work at the Royal College of Physicians and Surgeons in Edinburgh, Scotland. During World War One he served in the medical corps of the Canadian Army and practised in Vulcan after the war until moving to Flint in 1925. He was still active in his profession at the time of his death.

He was a member of the First Presbyterian Church; Genesee Lodge 174, A.F. & A.M.; Washington Chapter 15, R.A.M.; Clan MacKenzie 250, Order of Scottish Clans; American Medical Association and Genesee County Medical Society.

He leaves his wife, Ruby L., and a daughter, Mrs. Edward D. Purcell of Birmingham.

## Rust Damage Cutting Yields In Some Crops

Swathing of rye, oats and barley is reported to be well under way and swathing of spring wheat is expected to be fairly general by the end of this week or early next week.

Scattered showers fell throughout the district on Saturday and Sunday, averaging from one-quarter to one-half inch but no hail damage has been reported in this area the past week.

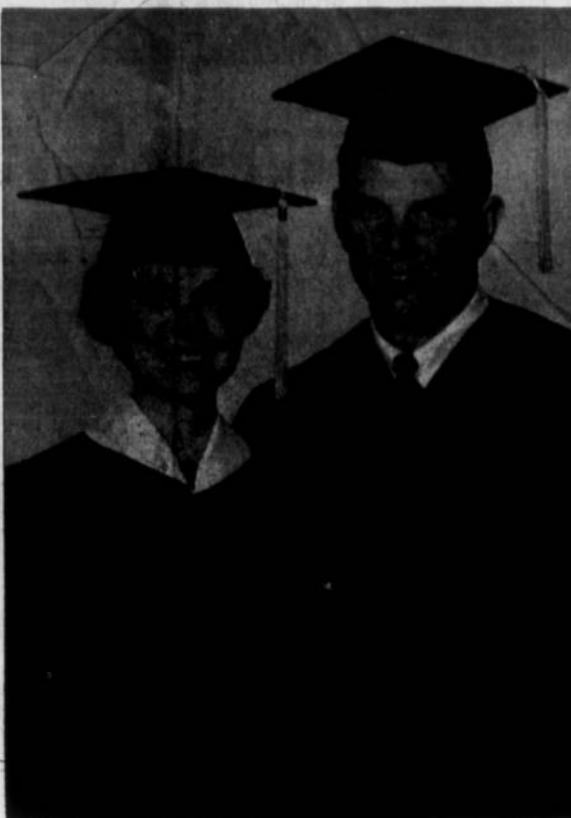

Light to severe rust damage is reported from many parts of the County, with fields of Red Bobs and Reliance wheat being particularly susceptible. In some cases, anticipated yields have been cut in half by the stem and leaf rust, which prevents the heads from filling properly.

## Car Over Curb, Damage Light

C. L. Beckner of Milo had a minor car accident on Vulcan streets last Friday and just missed trouble of more serious nature by a few feet.

The late model car he was driving apparently failed to come out of low gear as he approached the curb in front of the Vulcan Bakery. The brakes couldn't hold the car which wound up against the corner of the store.

There was little damage done either to the car or building but had Mr. Beckner been unlucky enough to hit about two feet to one side he'd have come to rest against a wall of plate glass bakery window.

Among spring graduates at Brigham Young University, Provo, Utah, was a Vulcan district girl, the former Carolee Bates. She and her husband, Newell Jackson, also a graduate, are pictured above.

Mrs. Jackson grew up in the Vulcan district and attended Vulcan County Central High School and was well known for her 4-H club work.

Her parents, Mr. and Mrs. Frank Bates, accompanied by the

## Special Mule Deer Tag

### Few Changes In Big Game Hunting Regulations

Alberta's 1963 big game season has been announced and holds few surprises for the interested hunter. Season date changes are relatively minor, chiefly adjustments of a day or two to allow seasons to open and close on week-ends in some cases.

One significant addition this year is the opportunity to purchase a special mule deer tag at an additional cost of \$2.00 to the holder of a valid resident big game licence. By this means a resident hunter may secure a chance at a male deer, in addition to bag limits covered by his regular licence, in zones 12, 13, 14, 15, 17 and 18 during the prescribed open season.

The special whitetail deer tag inaugurated in 1961 is being retained. Also available to the resident licensee for \$2.00, this tag permits the holder to hunt male whitetail deer in zones 1, 2a, 2b, 3 to 11 inclusive, 16, 19, 21a, 21b and 22 during the open season for male deer. This also permits the licensee to hunt for the specified antlered game in addition to bag limits provided under his resident licence. For the persistent resident hunter therefore, an opportunity is provided to secure three deer or two deer and either one moose or elk under authority of his regular \$5.00 licence plus two \$2.00 special deer tags.

Hunters are cautioned to remember however, the special tags apply to antlered (male) deer only. Hunting for antlerless specimens during open season is provided under authority of the regular big game licence only. If the hunter has been fortunate enough to secure three deer over the whole season, two of them had better be bearing antlers. Note also that the special deer tag seasons for mule deer apply only in zones where the whitetail tag does not apply. The special deer tags will not be available from all licence vendors, but from government fish and wildlife offices.

Caribou and Bear

There is to be no open season for such barren ground caribou as may be found in Alberta. The open season for woodland caribou applies in special area "A".

Regulations regarding bear hunting are again tied to the province's "green and yellow" map.

## Regulations Announced

### Sept. 23 Date For Ducks, Huns and Pheasant Oct. 4

The duck and goose hunting season in Southern Alberta opens this year on Monday, Sept. 23, according to the 1963 regulations announced last week by the Alberta Fish and Wildlife Service. The season will end December 14.

Daily bag limit for ducks and geese is five (of which four can be mallards) and possession limit is 10 (eight mallards). Only three in the daily bag can be white-fronted geese.

Redheads and canvasback ducks, swans and cranes are still on the restricted list because of the sharp drop in their numbers during the drought years.

Waterfowl can be hunted from 30 minutes before sunrise to one half hour after sundown. In Northern Alberta the season opens September 2 and in Central Alberta September 16. The northern

waterfowl season ends November 30 and the central season ends December 7. In the goose management area the season for white geese does not open until October 7. In Southern Alberta the migratory bird season is from September 23 to December 14.

Upland Birds

Hunters in Southern Alberta will get their first crack at upland game August 31 when the season opens on spruce and Franklin's grouse, blue grouse and white-tailed ptarmigan.

The season on spruce, Franklin's and blue grouse and white-tailed ptarmigan opens in southern Alberta August 31 and ends December 7. Sharp-tailed and ruffed grouse can be hunted from September 23 to December 7.

Hungarian partridge can be hunted from October 4 to November 30. There'll be a two-day break in the season for cock ring-necked pheasants. The season opens October 4 and runs to November 2, closes until November 4 and then ends November 30.

Limits for sharp-tailed ruffed, spruce, Franklin's, and the blue grouse as well as willow ptarmigan and Hungarian partridge is five per day with a possession limit of 40.

Daily limit for pheasants in the first part of the season is three a day and, after the two-day closure, five a day. Possession limit throughout the season is 25.

Upland game can be hunted from 8:00 a.m. to a half hour after sundown.

There is no open season on wild turkey, chukar partridge or sage pinnated grouse.

## County Teaching Vacancies Filled

The Grade 8 teaching vacancy at Lomond has been filled with the appointment this week of W. Highcock to this position.

In last week's listing of the County teaching staff the name of Mrs. Ivy Seeley was omitted. Mrs. Seeley is the teacher for Grades 3 and 4 at Arrowwood.

The last vacancy on the County teaching staff was filled Tuesday of this week with the appointment of Leo Burton, BA, formerly of Toronto, to teach Grades 5-6 at Arrowwood. Mrs. Helen Cockwill will teach Grade 2 at the Arrowwood school.

Japan now is the fourth largest industrial producer in the world. Only the United States, the Soviet Union and Western Germany are ahead of her, and she may be on the point of overtaking Western Germany.

## Recreation Group Lays Plans

Regular meetings are being held by an organization to be known as Vulcan and District Recreation Centre to plan and further the work of an earlier steering committee and the Elks Lodge in the establishment of artificial ice for Vulcan.

Following a short summer lay-off the new committee has met the last two Wednesday nights and it is expected regular meetings will be held so that artificial ice may be installed for as much of the coming winter season as possible.

Work on this project began in February of 1962 by a group of 19 men who formed the Vulcan and District Artificial Ice Commission. Strongest incentive towards artificial ice at that time was the overwhelming support given by youngsters to the organization of pee-wee and junior hockey in Vulcan, plus the steady interruption of ice schedules caused by winter chinooks.

Developments since that time have reached the stage where it appears feasible to the present Recreation Centre group to enlarge its scope of future possibilities so that one day a fairly complete recreation centre could be housed at the arena, part of which is now taken up by the skating surface while another part lies unused.

The problems of the physical state of the arena, parking facilities

and eventual renovation are now being considered along with the problem of financing such a project.

Architects have declared the building foundations and structure to be generally strong, with noted reservations and a rough drawing

of a proposed centre has been given to the group for study.

A survey taken last year found the scheme favored by most and it is expected a complete submission will be before Vulcan and district residents to describe the plan in detail.

## District Pioneer's 80th Birthday Is Celebrated

Some 120 friends and relatives called at the Tom Houlton home Sunday afternoon and evening, when Mr. and Mrs. Houlton entertained in honor of the latter's mother, Mrs. Mary Eamor, on the occasion of her 80th birthday.

Guests were welcomed by two of the honored lady's daughters, Mrs. Laura Houlton and Mrs. Alice Jordan, while the guest book was in charge of Mrs. Betty Eamor. Those pouring tea were Mrs. Etta Clark, Mrs. Betty Jordan, Mrs. Edith Dunham, Mrs. Kathy Jordan and Mrs. Eileen Hag. Lunch was served by Beryl Douglas, Valerie Capes, Sharon McLeod and Ed. Andrews.

Many congratulations were received by Mrs. Eamor, a pioneer of the district.

When you win a new set of golf clubs—this happened to Peter Pickersgill in a recent golf club raffle—and you become a two-bit golfer with a \$370 outfit, even though you talk a good game, you've got a problem. So you hire local pro, Ray Well-

man, crouching above, to teach you a few golf terms, engage Fred Shuler to make life as pleasant as possible, then proceed to wreck the course. Oh yes, the proper attire is a "must" for such new-found status. See story on Page 7.

## Wandering Glasses Returned

It had to happen! During a business day around town it is quite common for a person to suddenly find himself either short a pen or two or check his belongings and find he has become heir to a couple of borrowed ones that just didn't get returned.

However when a person, by mistake, picks up a pair of glasses, uses them and walks away with them... that's news.

It happened Aug. 16. A lady believed to be from Edmonton call-

ed in at the Advocate on business, using her glasses for writing purposes only. A few hours later she called back with her story of grief. She had, during a call somewhere in town, picked up what she thought were her glasses. Visually they suited her fine, and she was several calls removed when she discovered in her purse two pairs of glasses.

The glasses are brown, horned rimmed glasses with decorative rims and their owner turned out to be Linda Dumka, UFA Co-op.

### BERRYWATER

#### F.W.U.A. MEETING

On Wednesday, August 7, three car loads of FWUA members journeyed to Calgary to hold their meeting at the home of a past member, Miss Gladys Baden. There were eleven members and thirteen visitors present.

Everyone sat down to a lovely chicken dinner, which was enjoyed by all after the long journey.

Lana McLean who attended the Junior Teen Camp at Gold Eye Camp from July 14 to the 20th, gave her report after the luncheon. The president Marge Love presented the hostess Gladys Baden with a ribbon corsage made by Polly Horkoff.

Everyone viewed the beautiful flower gardens and lawn of the Baden home before the meeting began.

The roll call was answered by "Where you went on holidays" and "the year you joined the FWUA local."

Several members of former years were present: Mrs. Fred Noble of Aldersyde; Mrs. Jack McLean, Mrs. Elizabeth Sinclair and Mrs. George Todd of Calgary; Mrs. Ina Douglas of High River and Mrs. Margaret Nixon of Nanton.

A donation of "Pennies for Friendship" was sent early to be given to Mrs. Van Beckhoff in Edmonton who has been travelling throughout the province for the ACWW.

A letter from Donka, the local adopted boy in India and Dr. Lotia Hitchmanova, giving information were read, stating that Donka is head of his class and a very good student.

As Muriel Smith, present Sunshine Convener is leaving the district, Lorna Gerding kindly offered to finish the year as convener.

Lorna Gerding provided several contests which proved very amusing.

A sing song followed, then pictures were taken by Jessie Sinclair, of past senior members. Berrywater FWUA's first president and secretary were Mrs. Isa Oldfield and Mrs. Jack McLean in July 1919.

### EASTWAY

Allan Thompson of Calgary spent a few days with his cousin Roy Knive.

Ronnie and Phyllis Dunham and Rita and Carson Love spent Sunday in Banff.

Congratulations to Jim Howe and Linda Hill on their wedding Saturday, August 24.

Doug Carr and his mother, Mrs. Retta Carr of Okotoks spent Sunday with Orlo Doane. They also had Mr. and Mrs. R. Herdman of Calgary.

Allan Love and Miss Dana visited with Mr. and Mrs. Jim Simpson of Calgary Saturday evening.

Ivo Love, Ralph and Linda spent Sunday with the Alvin Bain family in Calgary.

Alta and Bill Burgess are holidaying at Bowden for a few days with Jerald Bennett.

Mel and Lena Burgess attended the Kinsman Barbecue at Pickersgills Saturday night.

### LINDA HILL SHOWER

The home of Clara Tharlie was the scene of a very pretty shower recently when over 60 friends and neighbors gathered to honor Miss Linda Hill, a bride-elect of this month. The rooms were gaily decorated with bells and streamers and bouquets of summer flowers.

The bride-to-be was seated at a table laid with a lace cloth and centered with a bride's cake. Helping her open the gifts were her mother Mrs. Margaret Hill, her sister Joyce, the groom's mother Mrs. Howe and his sister Miss Alma Howe.

Corsages were presented to each of them by Mrs. Alberta Burgess. On arrival, each lady was given a recipe card and was asked to write out a favorite recipe or household hint. These were all presented to the bride.

Charlotte Gooch entertained with an accordion number which was very much enjoyed. An amusing contest followed and then Clara Tharlie brought in a basket resembling an old-fashioned wishing well, overflowing with gifts which she presented to Linda.

After the gifts were opened and passed around, lunch was served by members of the Eastway Social Club. Linda then thanked everyone for the lovely gifts and also thanked the hostess and her helpers for a very enjoyable evening.

## Changes In Traffic Laws Affect Farmers, Motorists

Amendments to the Vehicle and Highways Traffic Act were assented to March 29, 1963. These amendments have made several changes in our traffic laws that will affect the average driver. The following is a resume of changes that may be of interest to motorists and to farmers residing in rural areas.

### OPERATOR'S LICENCE

#### Sec. 16—

(8) "No person under the age of sixteen years shall drive a tractor or self-propelled implement of husbandry on a main or secondary highway within the meaning of THE PUBLIC HIGHWAYS ACT."

(8a) "No person shall permit another person under the age of sixteen years to drive a tractor or a self-propelled implement of husbandry on such main or secondary highway."

(8b) "No person under the age of fourteen years shall drive a tractor or a self-propelled implement of husbandry on a highway."

(8c) "No person shall permit another person under the age of fourteen years to drive a tractor or a self-propelled implement of husbandry on a highway."

These changes mean that anyone under the age of fourteen can no longer drive farm implements on any type of public road, and no one under the age of sixteen can drive a tractor or a farm implement on a main or secondary highway. These main and secondary highways are normally provincial roads with a designated highway number.

#### Sec. 16—

(11) "An operator's licence of a learner's category may be issued for the purpose of operating a motorcycle, scooter or power bicycle under such terms and conditions as may be prescribed by the Lieutenant Governor in Council."

This means that a boy or girl with an "L" Operator's Licence can drive a scooter or a motorcycle without being accompanied by a fully licensed driver as such would be impractical; however, when driving a car, or a truck under 6,000 lbs., they must be accompanied by a fully licensed driver.

#### Sec. 17b—

(3) "Where the operator's licence of any person is suspended by or under this Act by an order or judgement made under this Act that person may still operate road maintenance equipment not required to be licensed under this Act."

This section is self-explanatory.

### EQUIPMENT

#### Sec. 35a—

(10) "If a tractor or self-propelled implement of husbandry is equipped with headlights, it shall not be equipped with any less or more than two headlights."

#### Sec. 42—

(1) "Every motor vehicle except a motorcycle, and every trailer and vehicle being drawn at the end of a train of vehicles shall be equipped with at least two tail lamps mounted on the rear of the vehicle."

(1a) "A motorcycle, a self-propelled implement of husbandry and a tractor shall be equipped with at least one tail lamp mounted on the rear of the vehicle."

(2) "A tail lamp shall be capable, when lit as required by this Act, of emitting a red light plainly visible from a distance of not less than 500 feet to the rear of the vehicle, except that in the case of a train of vehicles only the tail lamps on the rear most vehicle need be seen from that distance."

Self-propelled farm implements when operated on any road at night must have two lights that illuminate 200 feet ahead at speeds of 25-35 m.p.h. and at least one red tail light that is plainly visible for 500 feet to the rear. All motor vehicles and trailers must be equipped with two tail lights that work when required.

#### Sec. 52—

(1) "A motor vehicle other than a motorcycle, shall be equipped with at least two stop lamps mounted on the rear, and a motorcycle shall be equipped with at least one stop lamp mounted on the rear of the vehicle."

(2) "A stop lamp shall be capable of being lit when the service brake is applied and when lit, shall be capable of emitting a red light plainly visible from a distance of not less than 100 feet to the rear of the vehicle in normal sunlight."

This new Provision includes all cars and trucks, regardless of year or model, with the exception of motorcycles.

#### Sec. 55b—

(1) "Every motor vehicle and every trailer shall be equipped with mudguards or fenders or other devices adequate to reduce effectively the wheel spray or splash of water from the roadway to the rear thereof, unless adequate protection is afforded by the body of the motor vehicle or trailer drawn by the motor vehicle."

(2) "Subsection (1) does not apply to a motor vehicle or trailer in an unfinished condition while proceeding to a works for completion."

This applies to all motor vehicles and trailers, but does exempt tractors.

### RULES OF THE ROAD

It is no longer necessary to sound your horn when overtaking another vehicle in passing.

It is prohibited to pass another vehicle by driving in a parking lane. The parking lanes are marked off by yellow lines.

#### Sec. 87a—

(1) "No person shall drive upon a highway a vehicle that is equipped with a device capable of detecting radar or such other electronic equipment as may be used from time to time for measuring the speed of vehicles."

(2) "Subsection (1) does not apply to (a) a vehicle used by a peace officer in the course of his duties, or (b) a vehicle used by a person in conducting a traffic survey authorized by the Minister."

#### Sec. 87b—

(1) "No person shall occupy or permit any other person to occupy a house trailer while it is being moved upon a highway."

(2) "In this section "house trailer" means a vehicle capable of being attached to and drawn by a motor vehicle and designed, constructed or equipped as a dwelling place, living abode or sleeping place."

These are two new sections which have been placed in the VHT Act to overcome situations that have developed in recent years.

### CATTLE ON HIGHWAY

#### Sec. 89—

(1) "No domestic animal shall be on a highway unless it is in direct and continuous charge of a person who is competent to control it and who is controlling it in such manner that it does not obstruct or cause any damage to the highway or create any hazard to traffic on the highway."

(6) "Subsections (1) to (4) do not apply to a highway other than a main or secondary highway adjacent to land, (a) held under a grazing lease or grazing permit, or (b) established and operated as a community grazing reserve, pursuant to THE PUBLIC LANDS ACT."

This means that livestock cannot be on any main or secondary highway unless under strict supervision. They also cannot be on a municipal or district road unless it is adjacent to grazing leases or reserves without a herder.

#### Sec. 89—

(7) "When any person is charged with an offence under this section, the justice of the peace or magistrate trying the case may dismiss the case if he is of the opinion that the offence was committed wholly by accident or misadventure, and without negligence and that the person could not by the exercise of reasonable care or precaution have avoided the offence."

This is a new paragraph to allow for reasonable accident or misadventure where cattle break through legal fence.

### STUNTS ON HIGHWAY

#### Sec. 92b—

"No person shall perform or engage in any stunt or other activity upon a highway that is likely to unduly distract the attention of the drivers of motor vehicles."

This was apparently designed to take care of stunts, such as pushing beds along a highway, which are becoming a nuisance.

### INSURANCE

The minimum insurance coverage for a pink card has been raised to \$35,000 for personal injuries, and \$30,000 for property damage.

All these amendments come into force on July 1 of this year, with the exception of the Provisions regarding insurance which becomes law on Sept. 1, 1963.

# Growing Winter Wheat?

## THEN GROW

# WINALTA

You can't afford not to — because:

WINALTA is outyielding Kharkove, Yogo and Velvet Chaff, 9 times out of 10, by as much as 40%. Therefore earns you more.

WINALTA has milling and baking qualities similar to hard red spring and should sell as readily. It'll give you cash when you need it.

WINALTA has proven very resistant to shattering.

WINALTA is earlier maturing than other varieties and it will often be possible to deliver your crop before the new quotas.

Don't lose money by waiting until next year. Use the reserve moisture you now have to the best advantage. Plant Winalta.

Certified No. 1 Seed ..... **\$5.00 per bus.**Canada No. 1 Seed ..... **\$4.50 per bus.**

You can recover your cash outlay when purchasing Registered or Certified winter wheat seed by saving your invoices and presenting them along with your commercial wheat to your local elevator when the Canadian Wheat Board announces their policy for the 1963-64 crop year.

## Vaage-Rhodes Wedding In Champion United Church

June 15, 1963 was the wedding day for Karen Lynne Rhodes and Darrel C. Vaage, when they exchanged wedding vows in the Champion United Church. The double ring ceremony was performed by Rev. Wm. Morrison at a flower banked altar.

The bride, eldest daughter of Mr. and Mrs. Walter Rhodes was given in marriage by her father. The groom who is the eldest son of Mr. and Mrs. Alfred Vaage was supported by Douglas Rhodes.

The radiant bride wore a floor length gown of white nylon organza over satin. The bateau neckline was embroidered with sequins and seed pearls, and the sleeves were lily-point. The full skirt, poised over a crinoline was lavishly embroidered with lace, and lace formed the modified bustle. The chapel veil fell from a sequin and pearl tiara. The veil was embroidered with dainty lace flowers. The bride's colonial bouquet was fashioned of red roses with white satin ribbons. Her pearl necklace and earrings were gifts of the groom.

Diane Vaage was the maid of honor and wore a rose sparkle organza waltz length gown. Her headress was of white net and flowers. She carried a white carnation colonial bouquet with turquoise centers.

Sharon Rhodes and Marilyn Lyckman were bridesmaids and

wore similar gowns of turquoise sparkle organza with matching headresses. Their flowers were white carnations with rose centers.

The flower girl was Marjorie Rhodes, small sister of the bride. Her frock was fashioned of yellow sparkle organza and her nosegay was fashioned of daisies.

The guests were ushered to the ribbon marked pews by Terry Rhodes and Jack Leland.

During the signing of the register Mrs. Joe Poch and Mrs. Jack Root sang "Bless This House". Mrs. Poch and Mrs. Root are sisters of the bride's mother.

The bridal couple with their parents greeted 130 guests at the reception in the community hall. Mrs. Walter Rhodes, mother of the bride wore a daffodil linen suit with white accessories. She wore a yellow and white rose corsage.

Mrs. Alfred Vaage, mother of the groom wore a pink linen sheath with matching jacket. Her flowers were white and pink roses.

The bridal table was centered with the beautifully decorated three-tiered wedding cake flanked by lighted tapers.

Cecil Rhodes, an uncle of the bride, was the able M.C. Clarence Rhodes, also an uncle, proposed the toast to the bride.

During the reception Marjorie Rhodes, accompanied at the piano by Mrs. August Degenstein, sang "A Penny a Kiss".

For the wedding trip to Banff and Radium the bride changed to a coral and white double knit three-piece ensemble. Her accessories were white and her corsage was coral.

## Ruggles-Baker Rites At Castor

The Castor United Missionary Church was the scene of a very pretty spring wedding Saturday, June 8, at 12:00 p.m. when Miss Merlene Grace Baker, daughter of Mrs. Grace Baker and the late Rev. M. L. Baker of Castor became the bride of Frank Lynn Ruggles, son of Mr. and Mrs. Ross Ruggles of Champion.

The ceremony was officiated by Rev. William Ruggles and assisted by Rev. E. D. Neufeld.

Soloist, Miss Betty Holloway of Castor very beautifully rendered "Be Thou Their Guide" accompanied by Mrs. D. M. Taylor.

The bride, given in marriage by Rev. C. J. Hallman was radiant in her bouffant style gown of lace pleated over satin that featured vari-colored sequins on the skirt and bodice. Her lace finger-tip veil was held in place by a net head-dress and a sequined crown. The bridal bouquet was of pink delight roses.

Bridesmaids, Miss Thelma Baker of Castor, sister of the bride and Miss Carol Ruggles of Champion wore identical gowns of mint green silk organza with head-dresses of white net. They carried white and yellow shasta mums.

Miss Kathy Lou Traubs, flower-girl wore white with a mint-green pinafore and carried a basket of white marguerites.

The best man was Lynn Ruggles, brother of the groom of Champion and the ushers were Ernie Ruggles of Lomond, David Traub of Didsbury and Walter Steeves of Meeting Creek.

The bride's mother was attired in rose arnel with white accessories and a corsage of white roses. The bridegroom's mother wore a dress of gold brocade satin, her corsage was of red roses.

A reception for about 180 guests

## Auction Sales

BOB LAUSEN

GERRY GOING

### — LAST WEEK'S MARKET REPORT —

#### FRIDAY, AUGUST 23, BEEF AND FEEDER SALE—

Our market was hot with all classes selling at prices above the surrounding markets. Our best steers sold at \$26.20 and we wouldn't call them strictly choice. We had a few choice heifers and these sold at \$23.20. Good to low choice Butcher Steers \$24.50 to \$26.20; Good to choice Butcher Heifers \$22.50 to \$24.20; Good Cows \$15.00 to \$17.00; Common to medium Cows \$12 to \$14.50; Canners and Cutters \$8.00 to \$12.50 or subject—Good Sausage Butts \$17 to \$18.

We sold a package of 1060 lb. Short-keep Feeder Steers at \$22.90, and a package of the same kind of Heifers at \$22.30 weighing 850. Good Feeder Steers (light) \$22 to \$25; Good Feeder Steers (heavy) \$21 to \$23; Good Feeder Heifers \$20 to \$23.

#### SATURDAY, AUG. 24 PIG AND MILK COW SALE—

The pig market was steady. Weaner Pigs \$9 to \$12; Feeder Pigs \$12.50 to \$32; Piggy Sows \$45 to \$75; Boars \$20 to \$45; Baby Calves \$12 to \$50. Milk Cows sold well at from \$150 to \$255. Our buyers are wanting those kind that are just fresh or just ready to freshen.

#### FRIDAY, AUGUST 30th, at 1:30 p.m.—

Regular Beef and Feeder Cattle Sale. Bring your feeder cattle to us on Fridays. We have the buyers.

— Open Thursday 'Till 11:00 p.m. —

#### SATURDAY, AUGUST 31st, at 1:30 p.m.—

Regular Pig, Milk Cow, Horse and Sheep Sale. Bring your fat hogs to us and be assured of the highest market prices.

## August Meeting Good Deeds Club

The August meeting of the Good Deeds Women's Institute held at the home of Mrs. Norman Whitehead was attended by eight members and five visitors.

Mrs. Pat Dingwall presided over the meeting with Mrs. Lena Brown as secretary.

After the customary opening ritual, the roll call was answered with a gift for a mental health patient. The several visitors were also welcomed.  
Mrs. Lena Brown read the correspondence consisting of an invitation to the group from the Reid Hill Institute, and thank-you notes from Mrs. Grace Smith and Mrs. E. Schmidt.

Mrs. Deanna White gave a CAC report. A depleted treasury was reported by Mrs. Jean Whitehead which promoted suggestions and discussion of several possible money-making projects for the near future.

Several small bills were presented and mention made of the successful annual picnic held in July. Mrs. Pat Dingwall and Mrs. Jean Whitehead volunteered to have raffle tickets made ready for the next meeting.

Following adjournment of the business meeting, Mrs. Jean Whitehead gave a brief health report in the form of a paper dealing with ones' general health habits and sugar diabetes in particular.

While the ladies visited, the hostess, assisted by Mrs. Mona White and Mrs. Nellie Hutton laid a delicious serve-yourself lunch enjoyed by all.

## LETTER TO EDITOR

To the Editor of The Advocate,  
Artificial ice would be nice but—

With fall approaching and all its activities, Senior Citizens' Night is again being planned and as before, the problem as to "where" it can be held arose before the Lionettes at their recent meeting.

This was discussed at length and although all agreed that the Lodge Hall is most inadequate, there appears no alternative.

Last year as I watched our 170 senior guests struggle down those narrow, winding basement stairs to make their way to the overcrowded tables, I wondered how much of a favor we were actually bestowing on our honored citizens.

We had welcomed them warmly, prepared as sumptuous a meal possible, provided interesting speakers and entertainment, but were we really doing the right thing by sponsoring such an evening?

The thought of what could have happened, had even the threat of fire arisen, was a horrifying one. Responsibility of being president had never laid so heavily as it did at that moment.

### ROOT ROT AND SURVIVAL OF WINTER WHEAT

Winter-killing of fall-sown wheat is markedly reduced when hardy varieties are sown in a firm seedbed at the proper time. Recent field experiments at the Lethbridge Research Station indicate that winter-killing can be further reduced by controlling common root rot.

Last fall, Kharkov 22 M.C. and two less hardy winter wheats were sown on Aug. 9 and 23, and Sept. 6. Prior to seeding, half of each plot was treated with a soil fumigant to control the fungi that cause common root rot of wheat. The other half was not treated.

At the end of October, plants from the treated plots had less root rot than those growing in the untreated soil. More root rot developed in the August than in the September plantings.

This spring more plants, regardless of variety and date of planting, were alive and growing vigorously on the treated than on the untreated plots. Maximum survival was obtained with Kharkov 22 M.C. seeded on Sept. 6 into treated soil. In this case, 75 percent of the plants survived compared with only 41 per cent in untreated soil.

Undoubtedly root development in the fall is an important predisposing factor in the winter killing of winter wheat. What steps can the farmer take to reduce root rot in his fall sown crop? Certainly soil fumigation, which we used as an experimental tool, is not a practical remedy.

Seed treatment with a mercury-containing fungicide will kill root rot fungi on the seed and provide some protection from these fungi in the soil. Tests are in progress at the Lethbridge Research Station to find the most effective seed treatment to control root rot in fall-sown cereals.

Date of seeding is the most important single factor to be considered in reducing the predisposing effect of disease on winter survival. Since more root rot develops in earlier-seeded crops, winter wheat should not be sown before the recommended period. In southern Alberta, winter wheat generally develops maximum winter hardiness when sown during the first two weeks of September. Earlier seeding will increase winter-killing by reducing the inherent hardiness of the variety and by increasing root rot. In addition, crops sown earlier are more likely to become infected with wheat streak mosaic virus. Root rot and wheat streak mosaic not only increase winter-killing but also seriously decrease yields of surviving plants.

## Golf Win Welcome Change

A dollar, filched from the grocery money, blossomed into a \$370 set of golf clubs, cart, umbrella, seat and everything short of a built-in bar for Peter Pickersgill of the Advocate staff, Sunday, Aug. 18. He held the winning ticket on the Vulcan Golf Club's Raffle.

Mr. Pickersgill was at his home enjoying colored holiday slides of Scotland and England shown by orchestra friend Jim Ramsay of Lethbridge and his family when Jake Berger, another of the High River Pickersgill dance orchestra banded on the door and demanded the best refreshment the house had to offer. This was refused.

When told of his good fortune, our staff member recalled hearing earlier in the day that Mr. Berger had taken a fearsome drubbing at the tourney and it was presumed he was just licking his wounds by this form of plagiarism.

A call to draw man Ray Wellman revealed that his daughter Kathy did draw the Pickersgill name on the ticket. Mr. Berger was served royally.

It must be stated first that, contrary to opinion, while Peter did have a hand in printing the tickets, he did not slip 200 extras into the drum with his name on them. Furthermore this raffle was not "fixed" by golf club officials

as a method of casting some happiness on the troubled shoulders of Mr. Pickersgill, whose fortunes have taken a few severe turns lately, and about which more will likely be read in a later issue. This was all legal and above board.

In the absence of publisher, R. C. Munro, a book of tickets he was selling was needed for the draw and it was late Saturday afternoon when the book was being returned to Ray Wellman by Peter that ticket number 486 was purchased.

Mr. Pickersgill is presently chasing down a Sweepstake ticket while the sun is shining his way.

### SERVE A SALAD

A sparkling salad with extra good salad dressing is right for any occasion.

In choosing the ingredients for your salad, remember: Use only chilled and crisped salad greens; always chill canned fruits and vegetables; drain canned fruits thoroughly on paper towels, vegetables in a sieve; try for color, flavor, form and texture contrast when combining salad ingredients; combine or arrange salads just before serving; arrange any salad on a chilled plate or bowl in a simple manner.

Affinity between a salad and its dressing makes for perfection.

### French Dressing —

French dressing may be prepared in quantity but do not leave garlic in the dressing longer than a day. For a basic French Dressing which yields 1/2 cup, combine the following in a jar:

- 1/2 cup olive or salad oil
- 2 tsp. mild vinegar
- 1 tsp. salt
- 1/2 tsp. freshly ground pepper
- 1/2 clove garlic.

When ready to serve, remove the garlic and shake hard to blend.

To vary add a few drops of onion juice, Tabasco or Worcestershire, or a teaspoon of strained tomato juice, or season delicately with mustard or curry powder.

For a slightly thicker dressing, add 1 teaspoon mayonnaise just before serving and shake well.

### Mayonnaise —

Mayonnaise, either homemade or commercial, may be dressed up by adding chutney or curry powder (especially for chicken salad) or by coloring it with tomato paste or catsup.

To add more zest to commercial mayonnaise, stir in a little lemon juice or heavy sweet or sour cream. For a special variation, put in a jar 1/2 cup mayonnaise, 1/2 cup lemon juice and 1/4 cup sugar and shake well.

### Thousand Island Dressing

To 1 cup mayonnaise add:

- 2 tsp. catsup
- 1/4 cup chopped stuffed olives
- 1 diced hard cooked egg
- 1 tsp. grated onion
- 1/2 tsp. Worcestershire sauce.

### Mustard Mayonnaise

Combine 1 cup mayonnaise with 1/2 cup prepared mustard. Chill. Excellent with salad containing meat.

## Mystery Of The Black Squirrel

A real stranger to the western prairies and probably someone's escaped pet, a black squirrel was seen by Glen Dahl at the skating rink corner early one recent morning. Identity of the bushy-tailed visitor was vouched for by a house guest of the Dahls whose home is in London, Ont., where this type of squirrel is common.

The squirrel was chased up a boulevard tree by a cat, jumped to a telephone cable and from there to another tree, thus eluding the frustrated cat, and quickly raced out of sight.

No further reports of the squirrel have since been received and no one has reported this type of lost pet, so the story of how it got so far from its natural environment will probably remain a mystery.

## E. J. McFarland Dies, Edmonton

Edwin John McFarland, the youngest son of the late Mr. and Mrs. John Henry McFarland, passed away August 10, at the University Hospital, Edmonton, after a lengthy illness.

Mr. McFarland was born in Oklahoma Territory in 1906, where the town of Nardin was later built. In the fall of that year, his parents who had won their homestead in the famous Cherokee Race moved to High River, Alta., and the following year to the farm 25 miles east of that town.

Edwin attended the Olds Agricultural School and was with the graduating class of 1923. He was the featherweight champion boxer.

He remained on the farm until 1952 when he moved to Massachusetts where he engaged in experimental work and minor research with various firms.

In 1960 he returned to Canada and particularly B.C. where he owned property at White Rock. In the fall of 1961 he moved to Edmonton.

His mother was a graduate of Oberlin College, Ohio; and was a descendant of Reverend Richard Denton, who was associated with Governor Winslow in the Massachusetts Bay Colony and later founded the first Presbyterian Church of America.

Edwin John McFarland was predeceased by his parents, Mr. and Mrs. John Henry McFarland and his two older sisters, Frances (Mrs. John D. Duguid) and Margaret (Mrs. Charles Steiner) both of Vulcan. He is survived by three sisters: Elizabeth, Mrs. Harry Jones, Olds; Miss Constance McFarland, Edmonton, with whom he made his home; and Pearl, Mrs. Norman MacLeod, Ponoka; and two brothers, Leeman McFarland, Penticton, B.C., and James McFarland of Edmonton.

## Summer Meeting Candlelight Circle

The summer meeting of the Candlelight Circle of the Church of Christ was held August 8, at the home of Mrs. Jean Gardner with 13 members and one visitor present.

Nelsie Robertson, in the absence of the president, Mrs. Ila Turley, conducted the meeting.

The business proved very light. The missionary money of \$10 was sent to the adoptee, Premiatia, in India.

A delicious lunch was served by the hostess assisted by Ruth Orchard and Wilma Boutland.

# Banff, Radium Honeymoon For Champion Couple

President Octave Ursenbach officiated at the early summer wedding in the Alberta Temple when Sheila Mae, daughter of Mr. and Mrs. Fred Puzey and Ronald Rhodes, son of Mr. and Mrs. Clarence Rhodes, all of Champion were united in marriage at a double ring ceremony.

The bride chose a full floor length nylon gown with lily point sleeves, a high rounded neckline circled with satin embroidered flowers, and similar flowers on the full skirt. Her veil was held in place by a shell and pearl tiara set with rhinestones. She carried a cascade bouquet of red roses.

Attending the bride as Matron of Honor was Mrs. Jay Purnell of Calgary and the bride's two sisters Sandra Gae, and DaVeeda as bridesmaids. They wore identical afternoon frocks of turquoise peau de soie with matching shoulder length veils falling from pill box hats.

The groom was attended by Gary Whitely of Oakley Idaho, a former missionary companion and his two brothers Merlin of Vulcan and Gordon of Calgary.

The bride's mother chose a gold brocade sheath with matching accessories and a yellow rose corsage. The mother of the groom wore a full skirted pink chiffon with a pink rose corsage.

The wedding guests attended a luncheon following the morning wedding, at the home of the groom's parents in Champion. The reception followed in the Champion Community Hall. The bridal party greeted their guests as Mrs. Virginia Sloan of Lethbridge played appropriate music. The hall was beautifully decorated in a summer garden theme with the happy couple and their attendants seated on a raised platform under a flower decked trellis archway. The stage carried out the garden motif with baskets of flowers, a wishing

well, a painted fence with window boxes and a background painting of the Cardston Temple with the inscription "For Time and Eternity".

The guests were welcomed by Mrs. Gwen Toone and Mrs. Marion Rhodes, aunts of the bride and groom respectively. Mrs. Wayne Pilling of Calgary was in charge of the Guest Book. Maureen Lund of Rosemary and Betty Herrewyren and Margaret Giesbrecht of Lethbridge were in charge of the gift table. All are former roommates of the bride.

Leo Toone of Claresholm, an uncle of the bride acted as Master of Ceremonies and introduced the participants on the program as follows: "Oh Promise Me" sung by a trio, Myrna Minty, Sandra Puzey and DaVeeda Puzey with Cheryl Minty at the Piano; remarks from President Elmo Fletcher of Lethbridge; "A Penny a Kiss" sung by Marjorie Rhodes; a trumpet and saxophone duet, "Melody of Love"; "Apples Hanging On A Lilac Tree", sung by Janay Brandley, a student of the bride, from Lethbridge; remarks from Georgia Fook, Lethbridge; "Hawaiian Wedding Song", by DeCon and Arvilla Pitcher; "Whither Thou Goest", sung by Mrs. George Rhodes of Calgary; "Because", sung by Virginia Sloan and a double trio of cousins of the bride sang "Temple of the Father", just preceding the toast to the bride which was given by Avarad Toone of Claresholm. Following the groom's response the wedding cake was cut and passed to the guests by the bride and groom assisted by the bridesmaids.

For the honeymoon to Banff, Radium and Calgary the bride wore a three-piece suit of white with rose accessories and a rose corsage.

Mr. and Mrs. George Rhodes of Calgary Mrs. G. E. Toone of Claresholm and Mr. and Mrs. Harry Bly of Magrath, all grandparents of the couple were in attendance as well as Mr. and Mrs. Gary Whitely from Idaho and Mr. and Mrs. W. Ernest Toone of Spokane, Wash. with other out of town guests from Lethbridge, Calgary, Staveland, Raymond, Magrath, Picture Butte, Taber, Claresholm, High River, Vulcan, Carmangay, Rosemary and Coaldale.

Mr. and Mrs. Rhodes are now residing in their new home 3228 Boulton Road, Calgary.
